

**STANDARD CONTRACTING
& ENGINEERING, INC.**

STANDARD CONTRACTING & ENGINEERING, INC.

Clients depend on Standard Contracting & Engineering to provide the construction services required to meet their project needs. SCE delivers **Quality, Service, and Safety** to every project it performs.

Whether its capital improvements and expansions or maintenance work and renovations, SCE provides professional construction services to satisfy client requirements.

Our regard for safety is *priority one*. Every project has mandatory management, supervisory, and job site safety meetings and training. In addition, SCE has an ongoing safety program and training schedule that keeps all of its employees aware, educated, and practicing safe procedures.

SCE offers its experience from conception to completion, whatever your unique project requirements are:

- Conventional Bid
- Design Build
- Partnering

We have built our reputation on meeting schedules and budgets without compromise.
